## "QUALITY AND LOW PRICES"

Grande Prairie TWO STORES Sexsmith

At the 19th Hole

Last Sunday quite a number of golfers took advantage of the new hole and played a few rounds over the Richmond Hill Golf Club course. There were players from Wembley, Beaverville and Sexsmith.

Every day the course is getting better and when the sun shines are played at every tee, players will think they are on the "Mayfair".

Pro. "Randy" Stevenson has done good work on the fairway at No. 7 and with a little more patching up of small holes it will be one of the best fairways on the course. All the greens are in first-class shape, and it won't be long before we hear of some one breaking the forty mark.

An interesting four-ball match was played between C. G. Butcher, paired with Ed. Culver, against A. B. McMillan and G. A. Duncan, the latter pair winning by a small margin. The highlight of the day's play was when Duncan made the first and last holes on under par on the third round of the match. The following are the cards for the three rounds:

First Round	
Butcher	6 6 5 5 5 5 6 6—48
Culver	5 7 6 8 8 4 4 5—51
McMillan	6 7 7 7 7 7 6 6—50
Duncan	4 7 4 7 5 6 4 5—47
Second Round	
Butcher	7 5 7 5 7 5 5 5—50
Culver	6 4 6 7 5 5 5 6—49
McMillan	6 4 5 8 5 5 4 5—51
Duncan	5 6 3 5 5 7 6 4—47
Third Round	
Butcher	7 5 6 6 4 5 7 5—50
Culver	6 5 6 6 5 5 5 5—52
McMillan	7 6 3 5 6 5 5 4—48
Duncan	5 5 4 5 5 5 6 4—44

Taking the best ball of the third round it will be noted that each would have been 30 for the round within three of par for the course.

The argument in favor of such a drastic cut is, of course, well known. Advertisers of this policy say that they would like to see the teachers receive higher salaries, but that since the money is simply not available, such a course is compulsory. We would like to challenge the truth of this statement. A community whose citizens can support a theatre, spend hundreds of dollars annually on sport and luxuries, is certainly not bankrupt. We suggest that each of you take the time to consider how much must be spent every week in Grande Prairie on some things which, although they may be enjoyable, are certainly not necessities. Such as liquor, beer, soft drinks, ice cream sodas, light lunches, candy, cigarettes, etc. After such a consideration, every sane person will conclude that the citizens of Grande Prairie have some money. The question is: Do they want to spend it on the education of the future generation by paying their taxes on the above mentioned articles?

"We would also like to remind you that a miserly policy on the part of any town will have two unpleasant consequences to the town as a whole. It will make other Albertans think that Grande Prairie's financial condition is precarious and it will give the town a bad reputation among members of the teaching profession. Bad news travels quickly—too quickly that the most desirable type of teacher would hesitate before coming to a town which had won that unenviable name for itself. Those of you who are familiar with the Elmcrest case will remember how seriously the town suffered from the inefficiency of the teaching staff for years after the law suit. Can Grande Prairie afford to make such a name for itself in the province?"

"As for the teachers—there is no doubt as to the effect of the policy on them. In this age of rapid change and development, stagnation is a deadly sin. In order to avoid this in our profession it is necessary to take some or all of the following steps: to attend summer school, to travel occasionally, to sponsor all educational movements in the town, to buy good books, to cause small-town library facilities are hopelessly inadequate. And in addition to this, we are of course expected to give financial support to all beneficial organizations in town. We, as teachers, would like to ask the public to look to our salaries and then decide how much of this is possible.

"The effect on the children themselves would be catastrophic. For it would lower the efficiency of the teachers; and whatever happens to the educational system in any way is in the same proportion directly harmful to the students themselves, because they are going to be under the influence of that school system for more than half their waking hours from the ages of 6 to 15. Some people may not care what happens to the teachers, but surely you all care what happens to your children and other people's children.

"We thank you, Mr. Editor for giving us the use of your columns."

WINNIPEG, May 31—Government of the three prairie provinces have pledged their support for the principle of certifying wheat production or controlling exports for the purpose of stabilizing prices and have offered to co-operate with the Dominion government in achieving such an objective.

Next Sunday the Junior choir of St. Joseph's Church and the school choristers who won high honors in the Grande Prairie Musical Festival, will journey to Beaverville and Hythe to take part in the services of Pentecost Sunday.

At Beaverville the choir will assist at the 9 o'clock Mass, proceeding from there to Hythe to sing the High Mass at 11 o'clock.

In the afternoon the school choristers will give a musical exhibition, rendering all the numbers they gave at the Musical Festival plus others of their own repertoire.

An endeavor is being made to have the Hythe artists and school chorists join those coming from Grande Prairie and offer a joint concert to the people of Hythe and district who did not get to the festival last week.

Present arrangements for the concert to open in St. Edmund's Church hall at 2:30 p.m. All are invited. No entrance charge.

FRANK DONALD

Who is proving the big fight cost to be staged at Grande Prairie on Saturday evening.

## Husky Battlers to Meet Here Saturday Evening

ED PATTERSON

Of Dawson Creek, who is picked by his followers to win the fight.

"ATHABASCA KID"

Of Athabasca, who is confident that he will stop his opponent before the scheduled ten rounds.

## ST. JOSEPH'S JUNIOR CHOIR TO TAKE PART IN SERVICES AT BEAVERLOOGE AND HYTHE

Next Sunday the Junior choir of St. Joseph's Church and the school choristers who won high honors in the Grande Prairie Musical Festival, will journey to Beaverville and Hythe to take part in the services of Pentecost Sunday.

At Beaverville the choir will assist at the 9 o'clock Mass, proceeding from there to Hythe to sing the High Mass at 11 o'clock.

In the afternoon the school choristers will give a musical exhibition, rendering all the numbers they gave at the Musical Festival plus others of their own repertoire.

An endeavor is being made to have the Hythe artists and school chorists join those coming from Grande Prairie and offer a joint concert to the people of Hythe and district who did not get to the festival last week.

Present arrangements for the concert to open in St. Edmund's Church hall at 2:30 p.m. All are invited. No entrance charge.

## Sports Day at Spirit River Was Enjoyable

SPRIT RIVER—Field under ideal weather conditions, the Victoria Day celebration proved a real treat for Spirit River and district.

With a happy crowd in attendance from as far away as Grande Prairie and Beaverville, the sports program went over like a charm.

Junior sports, which were well contested, set the afternoon away to a good start. In this department the students of Hythe and Greenwood were the majority of the prize winners. This competition was followed by a softball tournament, four teams competing. The White Mountain team captured first prize.

The horse racing proved interesting and at times thrilling. The day's entertainment was brought to a fitting close by a concert given by the Minstrel and Glee Club, under the direction of Major Fitch. The two-hour program made a big hit and many encores were called for.

The dance which followed was a huge success.

## SEXSMITH BOY HAD VERY SUCCESSFUL HOCKEY SEASON IN THE VIKING DISTRICT

Hubert Sumner, formerly of Sexsmith, who for the past year has been buying grain at Phillips, near Hythe, for the Alberta Pool, is spending his holidays with his parents at his old home town.

Hubert was in Grande Prairie the other day and said that he played hockey with Viking in a four-team league. Hockey, he said, went over big in that district. Viking not only won the league pennant but defeated the Crescents of Edmonton in a sudden-death game played at Holden.

When here Hubert played a science, but on the outside he played left wing. He stated that hockey was very fast and not suitable, and it was not easy to catch a place. Hubert was on the first string of players.

## MAINTENANCE OF WAY EMPLOYEES MET FRIDAY

Brotherhood of Maintenance of Way Employees Lodge, No. 352, Northern Alberta Railway, held its regular meeting in the spacious dining room of the Grande Prairie Hotel last Friday evening, with a fairly large attendance.

The Lodge went through its regular routine of business and several propositions on some doubtful rulings were cleared up.

A motion was passed that the regular working hours for sections gangs will commence at 7 a.m. and end at 4 p.m. during the summer months, thus giving the gangs an extra hour of rest and pleasure each evening. The working hours have hitherto been from 7 a.m. to 5 p.m.

The members wish to express their thanks to Mr. Frank Donald for the use of his dining room for the meeting.

## ALL THE WAY FROM OREGON

Mr. and Mrs. Jack Black of Murphy, southern Oregon, arrived in Grande Prairie on Monday last, after completing the trip by car. Mr. Black said he was born in Canada and had come to the Peace River country to take up land. He reported conditions were anything but good in Oregon when they left.

ESQOM DOWN, May 31—Hythe won the Derby in record time. King Salmon was second, four lengths behind and Statesman third, one length further back.

## MUSICAL FESTIVAL ONE OF BEST HELD IN PROVINCE

(Continued from Page One)

order, as were also the one-act of "The Musical Festival". That dramatized a popular aspect was evidenced by the fact that there were six entries.

The following are the comments of the adjudicators:

Herbert Wild: "Considering that this is Grande Prairie's first festival, I consider it taken as a whole, very good."

The plan division was very commendable. Both the piano and vocal parts were very good, which is proof to me that there are many good teachers.

"In the violin junior sections all the work was very good. The vocal quartet sang very well indeed, as did also Messrs. Thorpe and Pickard in their duet."

"School choruses and their work were very commendable."

Prof. Adams: "The Musical Festival reflected the valuable work done in the teaching of music and in the training in dramatics in Grande Prairie and district."

It is evident that the children come from homes of excellent settings and that the social standards are of a very high order.

The preparations were done in a very intelligent manner and the public speaking showed much thought and careful arrangement of material.

The one-act play is a very welcome innovation at such a festival and this program has set a very high standard. The district should endeavor to maintain plays of a similar character.

The concert given on Thursday evening packed the Capitol Theatre to capacity.

A picture show, put on by courtesy of Mr. Donald, brought the evening to a close.

## Friday Evening

Following presentation of one-act plays by companies from Beaverville, Beaverville and Clairmont, the principal feature of the evening was the presentation of trophies to the winners.

An incident which was not on the program occurred when Mrs. Holmes, Miller, official accompanist, Mrs. Smart, Mrs. Caldwell, and H. L. Vaughan.

A well attended dance brought the Musical Festival to a close.
